

35' Catamaran

THE FASTEST, DRIEST AND BEST RIDING OPEN FISHERMAN EVER BUILT

35' CATAMARAN | MADE IN THE USA | PROVEN WORLDWIDE

SAME PERFORMANCE SMALLER PACKAGE

Like her predecessors, the 35' Catamaran was designed by the world-renowned naval architects at Morrelli & Melvin. Known as the leading authority on design and build specifications for the America's Cup, Morrelli & Melvin is the perfect partner to create the most advanced fishing catamarans on the market. Their decades of experience and the use of computational fluid dynamics gave birth to our patent-pending Hybrid Semi-Asymmetric Multihull.

This boat with the major goal of accommodating what many were asking for since the launch of the 40' Catamaran in 2017: a smaller, easier to handle package.

With the 35' catamaran, Invincible is offering more power configurations than ever before. Twin-outboards have been a major request from customers, so quite a few different twin packages will be offered. Quad-outboard configurations will also be available. Additional seating options will be available. The separate, large coffin boxes remain standard, however there will be an option for a built-in console-coffin as well.

STANDARD FEATURES
