39'

INVINCIBLE
OPEN
FISHERMAN

MADE IN THE USA
PROVEN WORLDWIDE

ONE RIDE

THAT'S ALL IT TAKES TO
EXPERIENCE THE DIFFERENCE

Designed by renowned naval architect Michael Peters, the MPYD patented, high-performance "Stepped-Vee Ventilated Tunnel" (SVT) hull creates the lowest drag coefficient of any mono hull in the world. This means increased speed, better fuel economy than conventional stepped hulls, and an all-around better ride.

The Invincible 39' Open Fisherman is available with triple or quad outboards. With top speeds in excess of 72 Mph (w/Triples), the 540 Gallon fuel capacity will get you to the farthest fishing grounds and back with speed and comfort.

Beautiful fit and finish, state-of-the-art construction, and the implementation of the highest quality materials available. This combined with fantastic customer service and attention to what the customer desires separates owning an **INVINCIBLE** from the rest.
